THE PURSUIT OF HAPPINESS IS ALWAYS A GOOD INVESTMENT

While Trex® may be a larger investment upfront, down the line it saves more green than wood. In fact, after just five years, the total cost of owning a wood deck already equals the cost of a Trex deck, when you consider what you'll spend in cleaning supplies, stain and your precious time. On average, you can recoup more than 70% of the cost of adding a deck*, making it one of the best investments for your home.

*According to Remodeling Magazine's 2009-2010 "Cost vs. Value" report.

Trex works for your wallet because it:

- » doesn't weaken, split, rot or splinter over time the way wood does
- » maintains its high quality and value for years to come
- » immediately boosts your home's value while enhancing its beauty
- » has proven to be a key selling point for potential homebuyers
- » offers a 25-year limited residential warranty on all of its products

LOOKING OUT AT THE WORLD

And knowing you've done your part to protect it.

Spending time outdoors feels a lot better when you're helping to preserve the outdoors. Our company was built upon green principles and values, from our innovative materials to our sustainable processes. In fact, use of Trex Decking and Railing systems contributes to a building's enviable LEED points. (The Leadership in Energy and Environmental Design Green Building Rating System is the nationally accepted benchmark for the design, construction and operation of high-performance green buildings.)

RECYCLED MATERIALS

At Trex, we reuse as smartly as possible, creating innovative new products from not-so-new beginnings. Our resources are closely screened for high-quality standards before they go near a Trex plant.

- » Trex saves around 600 million pounds of plastic and wood scrap from landfills every year.
- » Trex is made of 95% recycled materials, including plastic shopping bags, reclaimed wood and sawdust.
- » Trex hasn't felled one tree in all our years in the decking and railing business.

Instead, we use:

- » reclaimed wood from woodworking operations
 - » used pallets
 - » sawdust (upwards of 300 million pounds a year)
- » Trex is the largest plastic bag recycler in the United States, with 7 out of every 10 recycled grocery bags ending up at Trex (about 1.5 billion bags per year).

SUSTAINABLE PROCESSES

We regularly seek out third-party audits to make sure we're continuously improving our green practices while meeting all environmental, health and safety guidelines and regulations.

- » Trex trailers used to transport wood dust utilize vegetable-based oil hydraulics.
- » Our proprietary processing method eliminates smokestacks.
- » Factory runoff/refuse is recycled back into the manufacturing line.
- » As much as possible, Trex packaging is made from recycled paper and plastic.

Trex® products have created great outdoor spaces for such national environmental projects as:

- » The BASF Near Zero Energy Home in Paterson, NJ
- » The Solar Decathlon, a collegiate green building competition
- » The National Building Museum's "The Green House" exhibit in Washington, D.C.

NATURE, done one better.

UNYIELDING TRANSCEND™ SHELL TECHNOLOGY MAKES ALL THE DIFFERENCE.

The Transcend line's protective shell is the key to why Transcend decks are hassle-free.

- » Each board is protected on the three sides that brave the elements for superior weather protection.
- » The underside breathes to avoid the surface separation some competitors suffer, ensuring lifelong durability.
- » Transcend shell is 2-3 times thicker than competitive offerings.
- » Proprietary 9-element formulation produces a natural, low-sheen, wood-like look.

AVAILABLE IN FOUR INSPIRED COLORS (Green-With-Envy not included)

Trex Transcend Decking premieres in four distinctive colors inspired by your most personal great outdoors: your backyard. Rich, saturated color is engineered right into the board. So fall in love with one wisely. Because the color you choose is the fade, stain and scratch resistant color you'll enjoy for a lifetime.

TREX TRANSCEND DECKING PROFILES

Our Transcend deck boards come in two profile options: square and grooved. Each a beautiful and everlasting base for the relaxing, adventurous, fun-filled outdoor life you're about to unleash. Our grooved boards accommodate our revolutionary Trex Hideaway® Hidden Fastening System, which allows for a smooth, unfettered finish. The clips create a seamless look: no screws, no screw holes, nothing to interrupt the smooth texture and comfortable feel of your new Transcend deck. And matching Transcend fascia boards add the perfect finishing touch to your backyard oasis. For more on Hidden Fasteners, see pages 23 and 25.

TREX TRANSCEND™ LIMITED COMMERCIAL WARRANTY

For a period of ten (10) years from the date of original purchase, Trex Company, Inc. (hereinafter "Trex") warrants to the original end-user commercial purchaser (the "Purchaser") that Trex Transcend™ decking (the "Product") will perform, under normal commercial use and service conditions, as follows:

Fade Resistance: The Product shall not fade in color from light and weathering exposure as measured by color change of more than 5 Delta E (CIE) units.

The Product is designed to resist fading. No material is fade proof when exposed to years of UV exposure and the elements. The Product is designed to resist fading, and will not in any event fade by more than 5 Delta E (CIE) units.

Stain Resistance: The Product shall be resistant to permanent staining resulting from spills of food and beverage items including ketchup, mustard, salad oils, tea, wine, coffee, fruit punch, barbeque sauce, grease, sodas and other food and beverage related items that would typically be present on a deck, or mold and mildew naturally occurring in the environment, provided that such substances are removed from the Product with soap and water or mild household cleaners after no more than one (1) week of exposure of the food or beverage to the surface or first appearance of the mold and mildew.

Notwithstanding the foregoing, Trex does not warrant that the Product is stain-proof, and does not warrant stain resistance resulting from spilled or otherwise applied food and beverage substances which are not properly cleaned as provided above within one (1) week of exposure. In addition, materials not covered in the stain resistant warranty include abrasive compounds of acidic or basic pH, paints or stains, strong solvents, metallic rust or other abnormal commercial deck use items, and non-food and non-beverage substances, including but not limited to, biocides, fungicides, plant food, or bactericides. Mold and mildew can settle and grow on any outdoor surface, including this Product. You should periodically clean your deck to remove dirt and pollen that can feed mold and mildew. This warranty does not cover mold and mildew which is not properly cleaned as provided above within one (1) week of first appearance.

Commercial Purchaser: For purposes of this warranty, a "commercial purchaser" shall refer to any purchaser other than an individual residential homeowner.

Standard Trex Company Limited Commercial Warranty: This warranty is in addition to the standard Trex Company Limited Commercial Warranty that applies to all Trex products.

Transferability: This warranty may be transferred to subsequent buyers of the property upon which the Product was originally installed.

Exclusions from Warranty Coverage:

Exposure to Heat: Direct or indirect contact with extreme heat sources (over 250 degrees) may cause fading and may damage the surface of the Product, and any effects of such exposure are expressly excluded from coverage under this warranty.

Surface Damage: Never use metal shovels or sharp-edged tools to remove snow and ice on the surface of

the Product. If the surface of the Product is damaged or punctured, this warranty will be voided.

Paint Or Other Materials Applied to Trex Transcend Decking: If paint or other coating materials are applied to the Product, this warranty will be voided.

Railing: This warranty does not cover Trex Transcend railing components.

Other Exclusions: This warranty shall not cover any condition attributable to: (1) improper installation of the Product and/or failure to abide by Trex's installation guidelines, including but not limited to improper gapping; (2) use of the Product beyond normal commercial use, or in an application not recommended by Trex's guidelines and local building codes; (3) movement, distortion, collapse or settling of the ground or the supporting structure on which the Product is installed; (4) any act of God (such as flooding, hurricane, earthquake, lightning, etc.), (5) improper handling, storage, abuse or neglect of the Product by Purchaser, any transferee or third parties, (6) any fading or staining not on the walking surface of the Product (i.e., the underside or the ends of the Product); or (7) ordinary wear and tear.

Procedure for Making a Claim under this Warranty

In order to make a claim under this warranty, Purchaser must do the following:

1. If the Purchaser is making a claim relating to the warranty on stain resistance, Purchaser must do as follows:

(a) Purchaser must try to clean the affected area of the deck by using the cleaning procedures described above within one (1) week of exposure of the food or beverage to the Product or first appearance of the mold and mildew.

(b) If the affected area remains reasonably unsatisfactory after Purchaser has tried these cleaning procedures, then Purchaser must have the affected area of the deck professionally cleaned at Purchaser's expense.

(c) If the affected area remains reasonably unsatisfactory after the professional cleaning, Purchaser may make a claim under this warranty, provided that such claim is made within thirty (30) days after the professional cleaning.

2. To make a claim under this limited warranty, Purchaser, or the transferee, shall send to Trex, within the warranty period referred to above (10 years after date of original purchase), a description and photographs of the affected area of the Product, proof of purchase, and if the claim relates to the warranty on stain resistance, proof of compliance with paragraph 1. above, to the following address:

Trex Company, Inc.
Customer Relations
160 Exeter Drive
Winchester, VA 22603-8605

3. Upon confirmation by an authorized Trex representative of a valid claim hereunder, Trex's sole responsibility shall be, at its option, to either replace the affected item or refund the portion of the purchase price paid by Purchaser for such affected item (not including the cost of its initial installation). Replacement material will be provided that is as close as possible in color, design

and quality as the replaced material, but Trex does not guarantee an exact match as colors and design may change.

4. THIS WARRANTY SHALL NOT COVER AND TREX SHALL NOT BE RESPONSIBLE FOR COSTS AND EXPENSES INCURRED WITH RESPECT TO THE REMOVAL OF AFFECTED PRODUCT OR THE INSTALLATION OF REPLACEMENT MATERIALS, INCLUDING BUT NOT LIMITED TO LABOR AND FREIGHT.

UNDER NO CIRCUMSTANCES WILL TREX BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER SUCH DAMAGES ARE SOUGHT IN CONTRACT, IN TORT (INCLUDING BUT NOT LIMITED TO NEGLIGENCE AND STRICT LIABILITY) OR OTHERWISE, AND TREX'S LIABILITY WITH RESPECT TO PRODUCTS SHALL IN NO EVENT EXCEED THE REPLACEMENT OF SUCH PRODUCTS OR REFUND OF THE PURCHASE PRICE, AS DESCRIBED ABOVE.

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.

This warranty shall only be applicable and enforceable in the United States of America and Canada.

Notwithstanding the foregoing, Trex does not warrant that the Product is stain-proof, and does not warrant stain resistance resulting from spilled or otherwise applied food and beverage substances which are not properly cleaned as provided above within one (1) week of exposure. In addition, materials not covered in the stain resistant warranty include abrasive compounds of acidic or basic pH, paints or stains, strong solvents, metallic rust or other abnormal residential deck use items, and non-food and non-beverage substances, including but not limited to, biocides, fungicides, plant food, or bactericides. Exclusions from Warranty Coverage:

Exposure to Heat: Direct or indirect contact with extreme heat sources (over 250 degrees) or may cause fading and may damage the surface of the Product, and any effects of such exposure are expressly excluded from coverage under this warranty.

Surface Damage: Never use metal shovels or sharp-edged tools to remove snow and ice on the surface of the Product. If the surface of the Product is damaged or punctured, this warranty will be voided.

Paint Or Other Materials Applied to Trex Transcend Decking: If paint or other coating materials are applied to the Product, this warranty will be voided.

Railing: This warranty does not cover Trex Transcend railing components.
