# Why do we call ourselves UglyDeck.com

**CO-FOUNDER JOSH  
& HIS WIFE, NICHOLE**

**CO-FOUNDER BILL  
& HIS WIFE, AMY**

Our mission is to eradicate ugly decks across the country. UglyDeck.com was the leader in building with maintenance free products even before they became the new standard for building new or remodeling an old deck. Since 2006 we have built thousands of decks and won multiple quality awards. But the only award that matters is the “thank you” we get from our next customer.

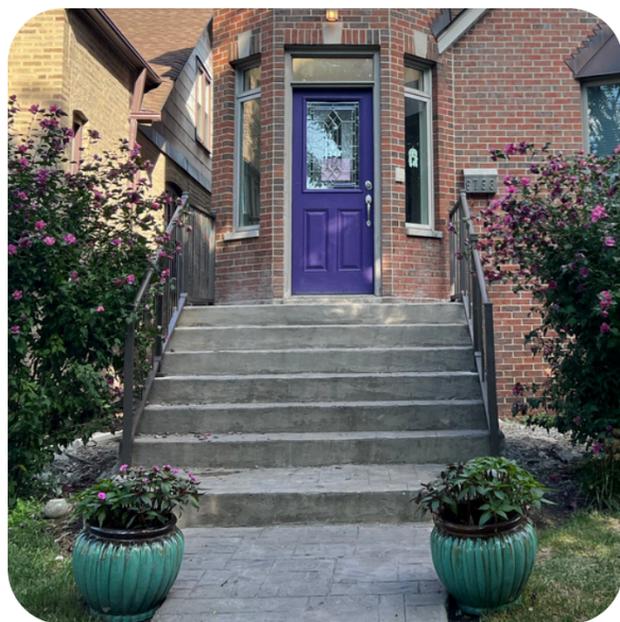

**UglyDeck.com  
pays a premium  
for the best  
carpenters.**

Our carpenters have built with other deck companies and tell us we are the best company to work for. This means your deck is built with pride and the desire to exceed a customer's expectations.

# UglyDeck.com believes in exceeding code requirements.

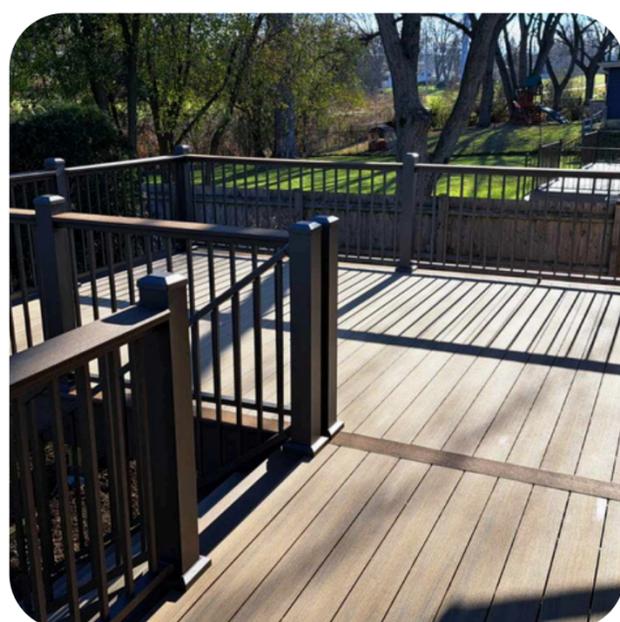

We have strong professional relationships with building officials from our community. We consider inspectors our friends and believe in not only meeting their requirements, but exceeding them. As a leader in the deck building community, we are proud of our reputation as a quality builder, and will continue to lead, not follow.

# UglyDeck.com is a retailer first

We don't purchase from other lumber yards like most deck builders. We have special access to all sizes and colors from suppliers. This means our prices have no middle man and you get the best price.

12-FOOT DECK BOARD

# Other Deck Builders Favor One Brand

Other deck builders are forced to sell you what their lumber yard stocks, limiting your choices. Deck builders will tell you that one deck brand and color is the best choice... not because it is, but because secretly it's one of the few colors or styles their lumber yard stocks.

# UglyDeck.com carries many brands

We carry all major brands of decking and aluminum railing so you have multiple options for color, style and price.

Each brand has a unique advantage over its competition. We believe the more a customer is educated on the strengths of each individual brand, the better matched they will be with their favorite board.

We don't favor one particular brand and we are not forcing you to pick a color or style based on what we can easily get from one manufacturer.

# UglyDeck.com won't sell or install plastic or wood railing.

Wood and white plastic railings look good at first. But eventually they turn ugly. Invest in something that you'll be proud of for life. Our aluminum railings come with a lifetime warranty and resist sagging, cracking and coming loose. If you truly want the strongest and most beautiful railing, aluminum railing with factory-applied textured powder coating is the best.
